Verse 1

Turn the page, I guess it's time to go
And yes it makes me sad but I guess you know
I'm just a wanderer, passing through
Dangerous to hold and that's the truth
One more time perhaps, I'll be back through
One more time around this town, but not too soon

Chorus 1

But there I guess I've said enough
Don't look back, just call it love
Say goodbye but tenderly
Say it once for you and me

Verse 2

I know it's done, you know it's time
Like a Raymond Carver tale
But this one's mine
Stay love, stay close
Kiss me one more time
And then I'll go

Chorus 2

But there I guess I've said enough
If you look back, it was love
Say goodbye but tenderly
Say goodbye to you and me

Outro

Use a loose fingerpicking pattern. The transcription should be an example.
