Verse 2

I know you boy and your tailor
 And the price of a load
 Come on, why all the tears now
 You take the steps You've got to go

Chorus 2

Another one is dead and gone now
 Laid so neatly there to rest
 Gravestones are the markers
 Signposts of your regret

Guitar break

Verse 3

I know You and that hunger
 And the meal You make alone
 Come on, why act so glum now
 You say you want I know you don't

Chorus 3

Count the ones that are gone now
 Each one was heaven sent
 But the gravestones arc the markers
 And every man has his regret
